

APPLICATION FOR:

- Food Service Site Audit Limited Plan Review
 Change in Ownership Requested Inspection
 (Check One)

(Site Audit/Limited Plan Review) Michigan’s Food Law, Act 92, P.A. 2000, requires you to submit plans whenever a food service establishment is constructed, remodeled or altered. This applies to changes in existing food service establishments as well as new construction. **Plans must be approved *BEFORE* construction/remodeling begins.** Act 92 also requires that, upon change of ownership, an existing facility shall meet the current requirements of the Food Law before commencing operation. A site audit consists of an inspection performed by an Environmental Health Specialist and results in a comprehensive list of all corrections required.
